SITTING BULL KILLED

Such is the Report That Reaches General Miles.

ARRESTED BY INDIAN POLICE.

He Attempts to Escape and a Desperate Running Fight Ensues, in Which Sitting Bull and His Son and Several of His Followers Meet Death—Seven of the Indian Police Also Numbered Among the Dead.

ST. PAUL, Minn., Dec. 16.—Gen. Miles yesterday evening received dispatches stating that in a fight near Standing Rock agency yesterday morning Sitting Bull and a number of Indian police had been killed. The first dispatch was from Pierre, S. Dak., stating that Sitting Bull and his son had been killed, but giving no further particulars.

SITTING BULL.

The other dispatch was from Standing Rock Agency, S. Dak., and stated that the Indian police started on yesterday morning to arrest Sitting Bull, having learned that he proposed starting for the Bad Lands at once. The police were followed by a troop of cavalry under Capt. Fouchet, and infantry under Col. Drum. When the police reached Sitting Bull's camp on the Grand river, about forty miles from Standing Rock, they found arrangements being made for departure. The cavalry had not yet reached the camp when the police arrested Bull and started back with him. His followers rallied to his rescue and tried to retake him. In the fight that ensued Sitting Bull is said to have been killed. One of the police rode back to the cavalry and infantry, and after telling them to hurry up to the support of the police, hurried on to the agency with the news of the battle. No later particulars have been received, but the death of Sitting Bull and of at least five of the Indian police seems undoubtedly true.

When the Indian police, who numbered about twenty men, reached Sitting Bull's village, they found the Sioux all ready to depart for the southwest, and instant action was necessary to prevent this movement. The police at once made a rush for Sitting Bull, surrounded him and, telling him he was a prisoner, started at once on the trail for the agency. The old chief made no attempt at resistance, but hardly had his cap been made, when his son headed a party of Bull's followers and attempted to recapture their chief. A desperate running fight ensued, and the police were getting the worst of it. In the skirmish Sitting Bull attempted to get away from his captors and to join the attacking party of his friends. He fought bravely, and was killed with several of his followers. Seven of the Indian police also fell dead, and the whole band would probably have been massacred had it not been for the timely arrival of the cavalry.

Gen. Miles said last night that Sitting Bull had been dispatching couriers to all the tribes—even those in Canada—instructing them to secure all the ammunition possible and prepare to go on the warpath in the spring. When he found that preparations were being made by the army to break up this scheme it was believed that he intended to begin fighting very soon, and his arrest was ordered.

"I leave to-night for the Black Hills," said the general, "and I shall be on the reservation in three days. Gen. Brooke has reported to me that he has exhausted all peaceable means of settling whatever difficulties there may be. I think the situation is serious for the reason that there are a great many settlers comparatively unprotected, and they would be the first to feel the outbreak. I can not say what will be done until I am on the ground, and, besides, it would not be good policy for me to disclose it if I had some plan decided on."

Dispatch Received at Chicago.

CHICAGO, Dec. 16.—The following telegram from St. Paul was received at army headquarters last night:

Sitting Bull was arrested this morning at daylight by Indian police. Friends attempted his rescue. Fight ensued. Sitting Bull, his son Black Bird, Catch Bear and four others were killed, also seven Indian police. Capt. Fouchet arrived just in time with two troops. Hotchkiss and Gatling guns drove the Indians away and secured the body of Sitting Bull. By command of Gen. Miles. MAUS, Aide.

Looking for More Serious Trouble.

STANDING ROCK AGENCY, S. Dak., Dec. 16.—Last night four companies of soldiers left Fort Lincoln for Grand river to head off any attempted outbreak, and a company from Kough left Dickinson yesterday afternoon for a point farther west, the plan being to completely surround the Indians. It is not believed Bull's death will result in further disaster, as the leading chiefs at the agency were against him.

PRISON ESCAPE FRUSTRATED.

But for the Timely Discovery a Number of Convicts Would Have Been Free.

BOSTON, Dec. 16.—On Saturday afternoon the guards on the state prison walls, at Charlestown, reported that John Farmer, a recently liberated convict, was hanging around outside, watching the ventilator on the prison roof. This aroused suspicion and a search was made which revealed that the iron padlock on a door leading to the attic over the chapel had been sawed off.

In the attic was found John Curtin, who is serving a twelve years' sentence for manslaughter, twisting yarn into a rope. He had one hundred feet of rope and two suits of clothes. It was learned that Edward Oldham, who had served three years of a ten years' sentence, was in the plot. The prison choir were rehearsing at the time, and it is supposed that all intended to escape from the roof by means of the rope.

Succeeded on His Children's Grave.

WALK, Mass., Dec. 16.—An unknown man, about 60 years old, was found dead in Aspen Grove cemetery yesterday. A postal card was found on his person addressed to "William Barth, care Ware & Pratt, Worcester." The man's throat was cut, and a razor was found along side of the grave on which the body lay. The headstone on the grave bore the name of Barth. Some persons remembered a man named Barth, who lived here twenty-five years ago and who buried his two children in the grave on which the suicide was found. It is the general opinion that the suicide is Mr. Barth, who came to die on the grave of his children.

A Domestic's Cry.

HAMILTON, Ont., Dec. 16.—On Friday afternoon last, Sarah Hunter, an orphan, aged 13, employed as a domestic in the family of W. H. Smith, a farmer living near Winona, poisoned herself by taking "Rough on Rats." She suffered extreme pain, but did not until yesterday afternoon tell the family what she had done. A doctor was called, but before he could do anything to relieve the girl she died. Before her death the girl confessed to having attempted, about a week ago, to poison the Smith family by putting poison in the kettle. All of the family were taken sick at the time, but had no suspicion of the real cause.

A Gas Kick.

FINDLAY, O., Dec. 16.—Last Saturday the gas trustees shut off the gas from the Briggs rolling mill, in this place, because the owners refused to pay the advanced rates. At an early hour yesterday the rolling mill men reconnected pipes to city mains and turned the gas into their furnace. The gas trustees made several efforts to shut off the gas within the last ten hours, but their workmen have each time been driven away by Briggs' employees. The police will be called out to protect the gas trustees in shutting off the gas, when wind times are likely to follow, as the rolling mill people are well armed.

Visions of a Trance.

MUNCIE, Ind., Dec. 16.—Miss Ruth Hughes, the young lady who remained in a trance for nearly sixty hours last week, regained consciousness yesterday evening after another trance lasting twenty-three hours and said she had another vision, but it will not state what it was. The girl has taken no nourishment since last Wednesday, and says she feels no bad effects from the trances. Mrs. Woodworth's big revival continues day and night, and a number of the converts, including the girl's mother, are going into trances of short duration.

Counterfeit Dealers in Court.

NEW YORK, Dec. 16.—William Mastey, James J. Tierney and Frank S. Siebert, leaders of a gang in this city, who have for months past been engaged in selling counterfeit standard dollars to Indians and others who were willing to take the chances of passing them, were held in \$3,000 bail each for examination. The bogus coin was sold at the rate of \$10 a hundred.

Jumped to His Death.

ST. LOUIS, Dec. 16.—Fire in the building at northeast corner of Eighth and Marion street at an early hour Sunday morning, caused Lizzie and Kate Koch and Heinrich Schultz, to jump from a third story window to the ground. The two girls were not badly hurt, but Schultz was so severely injured that he died in the afternoon. Damage was slight.

Farmers in Luck.

ROCKPORT, Ind., Dec. 16.—Spencer county farmers are in luck this year, especially those having large quantities of corn and potatoes. Eighty car-loads of potatoes were shipped from there in November, and more than that quantity by river. It is estimated that the quantity sold will distribute fully \$200,000 among the farmers this year.

Killed by a Youth.

READING, Pa., Dec. 16.—Howard Holl, aged 11, died here yesterday from a pistol shot wound received at the hands of John F. Fair, aged 16. Sunday, while Fair was shooting at a mark, Holl ran in front of him and received a bullet in the head. Fair is under arrest.

Store and Dwelling Burned.

MADISON, Ind., Dec. 16.—At Patriot, Ind., James Stevenson's store room, occupied by Bodkins, was consumed, and Capt. S. Q. Howe's dwelling, next door, was badly damaged by fire Sunday evening.

Church Burned.

LAKE VILLAGE, N. H., Dec. 16.—The Free Baptist church was burned yesterday by a supposed incendiary fire. Loss \$15,000; insurance \$5,000.

Oil Tank Explodes.

LANCASTER, Pa., Dec. 16.—An oil tank owned by the Standard Oil company, at Milway, exploded yesterday. Loss over \$5,000.

SILVER MEASURE.

What the Republicans Have Agreed to Do.

HEAVY PURCHASES TO BE MADE.

The Monthly Purchases to Be Greatly Increased—Secretary Windom's Views on the Present Financial Situation. Proceedings of the Senate and House. Other Washington Dispatches.

WASHINGTON, Dec. 16.—The Republican senatorial caucus committee has decided that the 13,000,000 ounces of silver now in the market and available shall be immediately purchased, and that the monthly purchases of silver bullion hereafter shall be increased to the extent necessary to offset any contraction in the currency which may result from the retirement of National bank circulation.

Secretary Windom, who has been in New York city conferring with bankers as to the best method of affording prompt relief, is said to favor the purchase of the present stock of silver, amounting to about 15,000,000 ounces, and the purchase also of an additional amount equal to the annual retirement of National bank notes, estimated at \$30,000,000, thereby adding about \$30,000,000 to the circulation.

Senate and House Proceedings.

WASHINGTON, Dec. 16.—In the senate yesterday the bill giving settlers opposite unsurveyed lands the privilege of taking up an additional 160 acres of it was passed; also, house bill for a building at Fargo, N. Dak., to cost \$10,000; house bill for a building at Canadian, Ark., to cost \$25,000, and bill appropriating \$10,000 for repairs to Fort Marion, Florida. Mr. Colquit, Mr. Wilson of Maryland and Mr. Vance addressed the senate on the Federal election bill.

The house adopted a resolution calling for information about National banks used as government depositories. The bill to adjust and pay Indian depreciation claims was passed. Other bills were discussed, but none received the two-thirds vote necessary to suspend the rules and pass them.

Extending Mail Facilities.

WASHINGTON, Dec. 16.—The post-office department has recently sent Mr. William Potter to confer with the postal authorities of Great Britain, France and Germany, with a view of facilitating the mail service between those countries and the United States. A plan has been agreed upon by Germany, whose representatives, A. Sucher, minister-director, and H. Petzold, oberpost secretary, will complete the arrangement to-morrow, by which mail clerks will hereafter distribute and sort all mail destined for points in either country, so that immediately on the arrival of the steamer, the mail can be put on the train and forwarded to the addresses. This will make the time of transit twelve hours less than under the present system.

A Pension Decision.

WASHINGTON, Dec. 16.—The commission of pensions having referred the application of George H. Coffee, Company C, Third United States volunteers, to Assistant Secretary Bussey for opinion, the latter decides that the claimant, formerly a Confederate soldier, but who afterwards served in the Union army more than ninety days and received an honorable discharge, is entitled to receive a pension under the act of June 27, 1890, provided that it can be shown clearly that the applicant served ninety days in the United States service and sustained injuries from which disability resulted in line of duty and which were not the result of his vicious habits.

Crookedness Discovered.

WASHINGTON, Dec. 16.—Chief Post-office Inspector Rathbone has received advices from the postoffice inspectors investigating the affairs of the post-office at Decatur, Ala., the postmaster of which absconded last week, stating that a deficiency of more than \$2,500 has already been discovered in money orders alone. The inspectors believe that the value of postage stamps, cards and stamped envelopes stolen will amount to another \$5,000. Although a liberal reward has been offered by the postoffice department for the postmaster's arrest, no apprehension of his whereabouts has as yet been learned.

Parcel Post Convention.

WASHINGTON, Dec. 16.—A parcels post convention having been concluded between the United States and the Danish West India islands, St. Thomas, St. Croix and St. John, to go into operation Jan. 5, 1891, parcels-post mails will be made up at mid and dispatched from the postoffice of New York and the post-offices of the Danish West India islands, on and after that date.

The postage rates and conditions applicable to "parcels" to and from the Danish West Indies, will be the same as those applicable to parcels to and from countries other than Mexico and Columbia as stated in the postal guide.

Troops Ready to Move.

PINE RIDGE AGENCY, S. Dak., Dec. 16.—The troops did not start yesterday morning as two strike sent word that he was coming in as fast as possible. The old warrior is now camped at the Catholic mission and will be here by noon to-day. He has 184 lodges, or about 920 Indians, principally old men, women and children. The cavalry and artillery are all ready to start at a moment's notice.

Postoffice Destroyed by Fire.

LANCASTER, Pa., Dec. 16.—Yesterday the store of Philip Frank, at New Texas, this county, was burned; the postoffice, located in the store, was also destroyed. Loss, \$5,000; partially insured. The fire is supposed to have been caused by burglars.

EXPLOSION AND FIRE.

One Life Lost by the Burning of the Barber Asphalt Works.

BUFFALO, Dec. 16.—Fire from a furnace at the Barber asphalt company's works at East Buffalo, communicated with the oil used as fuel and caused a terrible explosion and fire yesterday, which resulted in the death of Watchman Neil Campbell. The man was frightfully burned about the hands, face and body. The flames attacked the engine room and communicated with the machine shop, both of which were destroyed. The loss is about \$15,000.

Superintendent Warren said that so far as he could learn Campbell started the fire under the boilers and failed to light the fuel properly. Some of the oil got onto his clothes, and in an instant he was a mass of flames. He rushed out leaving the oil running which caused the explosion. Campbell sat down on the outer steps all ablaze and was burned to death without apparently making any effort to save himself. It is supposed he lost his head.

A Newspaper Man Married.

NEW YORK, Dec. 16.—Mr. Frank W. Mack, well known as a newspaper man in this city, formerly editor and proprietor of The Evening Auburnian, of Auburn, N. Y., and now night editor of the western report of the Associated Press in New York, was married to Miss Emile Hepburn, in the church of St. Mary the Virgin, West Forty-fifth street, yesterday evening. Among the large number present at the ceremony were Charles R. Williams, assistant general manager of the Associated Press; Mr. and Mrs. Richard Smith, Jr., and Dr. George F. Shrady.

Left to Fight in the Ring.

NEW YORK, Dec. 16.—Billy Murray, of this city, and Jimmy Kennard, the St. Paul Kid, who are matched to fight to a finish with skin gloves, for \$1,000 a side, the largest stake ever put up on men of that weight, 110 pounds, left this city for the little grounds yesterday afternoon after weighing in. Kennard was accompanied by Jack McMaster, Princeton's new college trainer and Phil McGuire. Murray was attended by Jack Fogarty, of Philadelphia, and Jack Quinn, the Scotch lightweight champion.

The Strike Did Not Take Place.

SPRINGFIELD, O., Dec. 16.—The expected strike of the street car drivers, which threatened to tie up the entire street car system, was avoided by the company conceding to the demands of the strikers. The strike was precipitated by an extraordinary occurrence. Postoffice clerks presented the street car company with caps for drivers; some of the latter refused them, claiming the caps would be too cold. The company tried to compel the men to wear them and the strike was threatened.

Enforcing Lottery Legislation.

BATON ROUGE, La., Dec. 16.—Yesterday afternoon Mr. John A. Morris, of New York, through his attorneys, obtained a writ of mandamus against Secretary of State L. F. Mason to compel him to promulgate the act of the last legislature known as the lottery bill within twenty days after the first day of January, 1891, and to comply with the law requiring that the proposed lottery amendments to the constitution be submitted to the people for adoption or rejection at the next general election in this state.

Say She Did It Herself.

CRAWFORDSVILLE, Ind., Dec. 16.—A surprising new fact has been taken by the defense in behalf of Rev. Fred Pettit recently sentenced to life imprisonment for the murder of his wife. A lady friend of the latter now comes forward and says that Mrs. Pettit confided to her at one time that she, Mrs. Pettit, habitually took arsenic for her complexion. A new trial may be asked on this ground.

Old Enough to Know Better.

MORRISON, Ind., Dec. 16.—Robert Robertson, a widower, aged about 70 years, who has been paying attention to Mary Wall for the past two years, visited her yesterday afternoon and, it is supposed, proposed that she marry him, and being rejected, drew a revolver and shot her through the temple. He then turned the weapon upon himself and sent a bullet through his brain.

How Silly!

NEW CASTLE, Ind., Dec. 16.—Last summer John Pierce's hog was worried to death by George R. Marshall's dog. In the justice's court judgment was given to Pierce for \$10 and costs. On appeal to the circuit court yesterday judgment was rendered for the plaintiff. The entire costs of the case will be about \$300. The case will be appealed to the supreme court.

Death of a Prominent Mason.

TRENTON, N. J., Dec. 16.—Joseph H. Hough, secretary of the New Jersey grand lodge of Masons, died yesterday afternoon, aged 75 years. He was the oldest officer in the United States, having been grand secretary for forty-eight years. Preparations were being made to celebrate his fiftieth year in office in 1892. He is known in every lodge in the country.

Great Tobacco Company.

WHEELING, W. Va., Dec. 16.—A charter has been granted here for the formation of a large tobacco company, devoted to the manufacture of a single brand in the world. The Bloch Tobacco company is the corporation, and it has a capital stock of \$4,000,000. The principal stockholders are Aaron and Samuel Bloch, of this city; W. P. Hubbard, the Westinghouses, of Pittsburgh, and Benjamin Butterworth, of Cincinnati.

Death of a Bank President.

LOCK HAVEN, Pa., Dec. 16.—T. C. Kintzing, president of the First National bank, died at his home here this morning, aged 72 years.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

TUESDAY, DECEMBER 16, 1890.

REPUBLICANS must believe in trusts. Ohio's representative on the National Executive Committee is a leading member of the big reaper and mower trust recently organized.

The Signal says that Ashland does not propose to tax herself to give to manufacturers of any kind as an inducement to get them to locate there, but she will do what is better for the citizen and just as good for the manufacturer; and that is grant enterprises exemption for a number of years from taxation. That's simply "whipping the devil round the stump."

What's the matter with the Republicans of Ohio running Col. A. L. Conger for Governor? He's a leading member of the big reaper and mower trust and will cut a wide swathe among the farmers. They like to support these members of trusts. And then, too, the fact that he's a member of the Republican National Executive Committee could be urged in support of his nomination.

The Constitutional convention has adopted a clause which says: "No license granted by State or municipal authority shall permit the opening of retail liquor establishments on election days, and such opening is hereby declared unlawful, and it shall be unlawful for any person to give, sell or loan to any person on election days vinous, malt or spirituous liquors, and the General Assembly shall by proper laws enforce the provisions of this clause."

We were mistaken last week when we stated that the South came in for only \$75,000 of the appropriations made by the House of Representatives for public buildings. The amount is \$525,000, but still the portion is comparatively small, when the total is considered—nearly \$5,000,000. This public building business is being carried to extremes, and it's a consolation to know that many of the bills that passed the House will never become laws.

About thirty employees of the Shelton Tack Company of Birmingham, Coun., have struck against a 20 per cent. reduction of their wages. A dispatch from the same town says: "About 20 of the women employed in Radcliff's Woolen Mills, manufacturing underwear, struck against a 15 per cent. reduction of wages." And it must be remembered that the McKinnley law gives greatly increased protection to the manufacturers of underwear. The bill has put up the cost of living, but it doesn't seem to keep up wages.

The past year seems to have been a disastrous one for many Republican politicians, who made themselves prominent by their high tariff views. The National Democrat says: "To the long list who have gone into bankruptcy since March 4, 1889, is to be added the name of Al Daggett, the Brooklyn patriot and the postal card contractor. There were already on the list the names of Franklin Woodruff, the Brooklyn boss, John Pummer, head of Republican Business Men's

Association in N. Y. in 1888; E. H. Amundson, President of the Protective Tariff League, and G. W. Delamater, Quay's late candidate for Governor of Pennsylvania. C. S. Higgins, a Brooklyn Republican, has had to transfer his soap business to a stock company, and H. K. Thurber, a New York Republican, lost a good deal of money in Higgins' embarrassment."

The Sentinel says the boom towns have so thoroughly drained away the surplus capital of Allen County that it is impossible to get funds for any home enterprises. That's not true of Maysville. There's plenty capital here for home enterprises, but the trouble is to get those who have it to place it in such establishments. They prefer to place it in bonds, bank stocks, mortgages, &c., &c. If the men of means of Maysville would interest themselves, they could soon have a shoe factory, canning establishment, bottling mills, strawboard factories and other enterprises in successful operation.

Under the Duanell appropriation bill, now pending in Congress, Kentucky is entitled to the same number of Representatives as at present—11. The measure provides that after March 4, 1893, the House shall be composed of 356 members, but that "whenever a new State is admitted to the Union, the Representative or Representatives assigned to it shall be in addition to the number above." It also re-enacts existing laws, providing that Representatives shall be elected by districts composed of continuous territory and contain as nearly as practicable an equal number of inhabitants. In case of an increase in the number of Representatives which may be given to any State under this apportionment, such additional Representatives shall be elected by the State at large and the other Representatives by the districts now prescribed by law, until the State Legislature, in the manner herein prescribed, shall redistrict the State; and if there be no increase in the number of Representatives from a State the Representatives thereof shall be elected from the districts prescribed by law until such State be redistricted as herein prescribed, by the Legislature. The measure is considered a pretty fair one by Democrats, and it will likely receive their support.

A Card From W. S. Frank.
Feeling highly complimented at the lengthy petition handed me to become a candidate for Councilman in the First ward, and thanking those who signed same, I desire to state to them and other friends that under no circumstances will I consent to make the race.

A Card From Marshal Hughes.
"How this world is given to lying."—Falsity.
Allow me to state a few facts, over against the mendacious article published in last Saturday's Republican. I have given bond for the collection of the town tax of Chester, and also bond for the school tax, with approved security, and these bonds are properly lodged with the town authorities. This is a matter of public record.

The city taxes listed with me amounted to \$804.02, of which I have collected, paid to the Treasurer and reported to Council \$430. The collector can not detain for delinquent taxes till after January 1st. These will then be collected. I appeal to the records for the truth of all these statements, and take no further notice of the article. Its malice is apparent, as is its want of truthfulness.

MUNICIPALITIES.

Plan for Their Future Government
Now Being Considered by
the Con. Con.

The report of the Committee on Municipalities is now being considered by the Constitutional convention. There are nine sections. It proposes to place the cities of the State in five classes. The first class cities shall have a population of not less than 100,000; the second class, from 30,000 to 100,000; the third, 10,000 to 30,000; the fourth, 3,000 to 10,000; the fifth, those of less than 3,000.

The authorities of no city are allowed to assess taxes upon property to the amount of more than 1 1/2 per cent. of the taxable property of such town.

It shall be necessary for two-thirds of the qualified voters of a place to vote for any indebtedness greater than the whole yearly income of the taxes of the city or town.

It provides that all municipal officers shall be elected by the people, and no term of office shall be for a longer period than four years, and none shall be eligible for re-election.

No election of officers for towns and cities shall be held on the day of a State or county election, and all city elections shall be held on the same day throughout the State.

No municipality shall be permitted to grant any franchise or privilege for a longer period than 20 years.

As usual, many delegates have amendments to the above, embracing their individual opinions, and the discussion promises to be long drawn out.

VERY APPROPRIATE.

The Kentucky Home Cook Book—New and Revised Edition.

This book has become so popular that no introduction to the public is needed. It is a book of receipts contributed, after tests proving their excellence, by Kentucky ladies, which is a guarantee of its merit.

The receipts have been compiled under the auspices of the Mite Society of the M. E. Church, South, Maysville.

It has become very popular and is having a large sale.

It is a very appropriate and suitable thing for a Christmas present to a lady. Price, \$1.50.

It may be found at:
Kackley & McDougle's, Second street;
J. C. Pecor's drug store, Second street;
Miss Lou Powling's millinery store, Second street.

Orders will receive prompt attention if addressed to Miss ALLIE BASCOM, Secretary, Maysville, Ky.

Churches and Preachers.

The centennial services at the M. E. Church, South, Sunday were largely attended. The house was packed at night. An interesting discourse was delivered by Rev. J. E. Wright, pastor, at 11 o'clock, and at night Dr. Hanford, of the Third street M. E. Church, preached to the large crowd. About \$325 was contributed towards the assessments against the church by conference for the Bishops' fund, foreign and domestic missions, widows and orphans' fund and aged preachers' fund.

FIRST ONLY!

FIRST IN LOW PRICES.

FIRST IN QUALITIES.

FIRST IN THE INTERESTS OF THE PEOPLE.

We are the first in low prices because we have the advantage of getting quantity discounts, in addition to cash discounts, and give our customers the benefit of these.

We are first in qualities because we have the whole field of manufacturers to select from; we cull from the very best of these, and the world cannot surpass them. This makes us first hands to the people—we are no "middle man"—our customers get from us the benefits of the profits of the "middle man." We do not buy of jobbers. We know no middle condition. The "middle man" is a relic of the moss-covered past.

We are first in the interests of the people because our system, from which we never vary, of necessity works to their interest. Our unalterable rule is cash and one price. We treat all alike in respect to prices. We charge Mr. Smith, who has no bank account, just the same for a pair of shoes that we charge Mr. Jones, the coupon clipper, for a similar pair. We do not burden the people with debts. We have no credit customers of the "good" class to saddle with a percentage for delinquencies, making them carry our bad debts.

We have no shelf-worn goods, no "crabs" or "trash." Our goods are new; we do not permit them to get old—our prices force them to go.

The cheapest, the newest, the best.
Come and see us; we will save you money.

SOME years ago, when the divorce case of Crow vs. Crow was tried, George W. Quail, Esq., was commissioner, and a man named Peacock was a witness, and after the libellant got her divorce she married a man named Hogg.—Pittsburg Dispatch.

A. J. EWING, a wealthy citizen of Bath County, died not long ago, and the Auditor's Agent is now after the estate for back taxes on \$45,000 since 1885. If the State wins the suit, the county will take a whack at what is left. The tax-shirkers deserve no sympathy. There are just lots of 'em, and they are not all in Bath, either.

THE Richmond Register says in addition to skipping out and defrauding his creditors of \$22,000, it is now widely reported in the Kirksville neighborhood that Tom Ross went off with the wife of one of his neighbors. It is said that she disappeared about two weeks before Ross left, and has not been heard of since. Unpleasant rumors of his intimacy with the woman in question had current for many months.

THE Kentucky edition of the Cincinnati Post says: "Those who failed to attend the musicale at Mrs. Shaw's, 629 Washington avenue, Newport, last Thursday evening, missed a rare treat. While in every feature all did admirably, yet the solos by Miss Lelia Wheeler, of Maysville, deserve special mention. This was her first appearance before a Newport audience. To say that she completely captured the large and critical assemblage, is to simply state a fact. She has a voice of great compass, and wonderful flexibility and sweetness."

Stock and Crops.

A farmer living near Augusta, Mo., raised enough potatoes on his farm this year to bring him in \$3,000.

The Anderson News notes sales of shoats at 3 cents, hogs at 34 cents and 1,200-pound steers at 3 cents.

The Owenton News mentions two sales of the new crop of tobacco at \$7.75 per hundred for all but spodge and \$1.75 for that.

The wheat crop of Tulare County, California, this year, is estimated at 130,000 tons, ninety per cent. of which will be exported.

Among the Railways.

The failure of the Burkar Bros., bankers of Philadelphia, has put a stop to all work on the Charleston, Cincinnati and Chicago, which was to strike the Ohio river at Catlettsburg.

The C. and O. ticket agent at Louisville says: "Travel over the road has of late been surprising to nearly everybody connected with it. During the summer we of course are rushed to our capacity to handle the business, and about this time of the year the run is usually light. This year, however, there has been a decided change, and the movement has been larger than at any other like season in years."

The Courier-Journal says: "The purchase of the Kentucky Central is deemed one of the most important of the recent acquisitions by the Louisville and Nashville Company. The K. C. will be improved in all directions, and the effect will be particularly beneficial to Eastern Kentucky interests. By this change more direct outlets to Cincinnati, Cleveland and Pittsburg are secured for the materials of that section, and new impetus will thus be given to investment."

MINER'S MAXIMS

A GOOD article will wear itself into favor.

MINER'S experience has proved the truth of this maxim.

MINER'S customers also echo the truth of this maxim.

MINER'S Shoes have worn themselves into the favor of the public, and thus established his reputation for selling only GOOD SHOES.

What patience is to action, wear is to worth; and years ago Miner laid the foundation of worth by selling Shoes which would wear satisfactorily and stand the test of time and use.

Varnish covers many a knot-hole and blacking often conceals hidden defects in Shoes, which is only discovered when use has shown their inferiority.

There are one hundred cents in a dollar, and these, as well as common sense, demand that you buy Shoes which will render their full cost in wearing value.

DESTITUTE JEWS.

They Are Flocking to England by Hundreds.

NO ROOM FOR THEM THERE.

Many of Them Forwarded to New York and Other American Ports—They Claim That Their Situation in Russia is Unbearable and Threaten Suicide—Other Dispatches from Abroad.

LONDON, Dec. 16.—The question of immigration is exciting lively interest in England, whither large numbers are flocking from Russia by way of Germany. The British government has instructed its consuls on the continent to discourage such immigration, and to warn intending passengers not to rely upon assurance of finding employment in Great Britain.

The home for destitute Jews is thronged and many of the unfortunates are assisted to pass on to America. English workingmen are determined that the 4,000,000 or 5,000,000 Russian Jews shall not land on their shores, and leading Hebrews are endeavoring to placate the complainants by the statement that the refugees will be forwarded, as they arrive, to New York and other American ports.

The situation of the Jews in Russia is becoming so horrible that they would probably all leave if permitted. In the words of one of them, their only choice is between baptism and suicide. Vast numbers are choosing baptism, others risk death in escaping across the frontier, and how many select suicide the world outside of Russia will never know.

Protest From St. Petersburg.

ST. PETERSBURG, Dec. 16.—The Novoe Vremya protests against English or other foreign interference in regard to the Jews in Russia, and says: "The meeting in London will not advance the cause of the Jews one step. At the bottom of the movement is the fear of the English of an invasion of their country by the Jews, who might deprive the poor of their bread, and enter into competition with the rich as well. It is not religious intolerance that prompts the measures relative to the Jews in Russia, where their synagogues stand proudly by the side of Christian churches; it is the absolute necessity for saving the rural populace from being drained of their resources by the Jews, who have already ruined the peasants in Galicia, Roumania and Pomerania. Russia will save the Jews themselves from popular retribution. She does not assume a false liberalism, but acts openly in protecting the prosperity of the nation. If the whole of Europe should attempt to force a distasteful policy upon Russia, she is in a position successfully to defend her independence."

The Irish Campaign.

LONDON, Dec. 16.—Fair progress was made in the campaign yesterday. Parnell and Davitt both spoke at Rathdowney. There were some minor encounters among the rival partisans, but without important results. The Conservatives are quickly assisting Parnell to the extent of their power in Kilkeny, and Mr. Stephan, the self-nominated Conservative candidate, is not receiving much encouragement. At Newtownards, near Belfast, yesterday, the copies of Parnell's United Ireland, which could be seized, were gathered in a heap in the public square and burned. It is alleged that Healy has been requested by the Kilkeny clergy to moderate his tone and not introduce so much billingsgate into his stump speeches against Parnell. The priests deprecate the employment of allusions to the O'Shea case in the discussions.

Parnell's Cause Lost.

LONDON, Dec. 16.—The Daily News' Kilkeny dispatch declares the belief that Parnell's cause is lost. At Rathdowney, where it had been announced that Parnell was to speak, the utmost enthusiasm was displayed for Davitt and Parnell was booed. There were 4,000 people at the Davitt meeting, and only 200 at the Parnell meeting.

The Pope Seriously Ill.

BERLIN, Dec. 16.—A dispatch from Rome to The National Zeitung says there is extreme anxiety at the Vatican over the pope's condition. His holiness is very much affected by the cold weather, and Dr. Ceccerelli, who is in attendance, has intimated that the worst must be prepared for.

English Mission Station Destroyed.

ZANZIBAR, Dec. 16.—It is reported here that the Sultan of Vitu and his followers have destroyed an English mission station on the Tana river. Several native Christians were killed by the sultan's people.

One Death from the Use of Lymph.

NEW YORK, Dec. 16.—A case of death following the use of lymph was reported yesterday. The case was an advanced one of tuberculosis meningitis and was one of five operated upon by Dr. Jacobi in the New York Foundling asylum. The patient was an eighteen-months' old female child. The first inoculation was performed on Friday, and a second on Saturday. The inoculation was performed as a last resort, the case being regarded as hopeless before the operation and the lymph had no effect.

Believe They Have Pope.

CAYUGA, Ont., Dec. 16.—Chief Constable Farrell arrested yesterday evening a man supposed to be William H. Pope, charged with embezzling \$300,000 of the funds of the Louisville City National bank while occupying the position of teller. Pope is lodged in jail pending identification.

Final Quarrel About Crops.

CHARLOTTE, N. C., Dec. 16.—J. P. Andrey and Tom Morrison, while trying to reach a settlement in regard to last year's crop, became engaged in a fight. Andrey picked up a stick and dealt Morrison a blow on the head which caused death instantly.

Carpenters' Supplies Burned.

NEW YORK, Dec. 16.—The building No. 328 and 330 Fortieth street, used as a carpenters' supply shop, was burned last night. Loss \$42,000.

Mr. Lewis Lee, a prominent cotton planter of Dallas, Texas, was visiting the family of Wm. Stevens last week.

Harry Moore, a prominent tobacco dealer of South Ridge, was in this neighborhood one day last week, viewing the crop. We understand he made several purchases at good round prices.

T. K. Proctor, the Grand Worthy Patriarch of the State, is out inspecting the different divisions of the S. O. T. of Fleming and Lewis counties this week. He is accompanied by his son, William.

Quite a number of young folks assembled at Prof. R. K. Keitt's last Saturday evening, and the crowd were largely entertained by the sweet strains of the Lawrence Creek String Band, and also by the quartette club.

Becca Lewis, (colored) was tiled before Squire Pickett for malicious destruction of property. She was held over for her appearance at the Circuit Court in the sum of \$5, and in default of bail she was committed to jail.

A Noteworthy Exception.

From the Kimball (S. D.) Graphic: "While the columns of the Graphic are open to any and all unobjectionable advertisements, yet it is quite impossible for us to speak knowingly of the merits of various articles of merchandise advertised. Particularly is this true of patent medicines. But there are exceptions occasionally and a noteworthy exception is the celebrated Chamberlain's Cough Remedy. This now universally known medicine has been advertised in the Graphic for four or five years but not until recently had we any personal knowledge of its wonderful efficacy which has come about through the prevailing influenza and the stubborn cough that has so often attended it. In the writer's family this medicine has on several occasions this winter cured a cough that baffled any and all other medicines; and the number of families in Kimball and vicinity, in which this remedy has been used with like effects, attests to its value as a specific for coughs and colds of every nature."
